

## Driving to Pineacre on the Lake

### From the Lower Mainland:

- Follow Highway #1 to Hope (takes about 90 minutes)
- Once past Hope, take the Coquihalla (Hwy #5) routing... takes about 1 hour to get to Merritt
- 5 km (3 miles) before Merritt, take Hwy 97C (the “Connector”) to Kelowna... takes about 1 hour
  - *You don’t actually go all the way to Kelowna*
- As the Connector is about to officially end, take the exit to Hwy 97S (the turn-off to Peachland)
 

**PLEASE NOTE:** Google Maps seems to prefer to call the part of Hwy 97S where we live, “Okanagan Hwy” – so, that is what we refer to as our website address. They are the same thing!

  - *Hwy 97S follows the lake and you will now be travelling past Peachland South in the direction of Penticton.*
  - *As you continue South through & past Peachland, you will transit three traffic lights.*
- Coming to “Pineacre”:  
 — *At the 3rd set of lights (the cross street is Princeton) you will have exactly 6.6 km remaining on your journey (check your odometer).*  
 — *At 6 km, start paying attention! You start passing “Brent Road” signs*  
 — *Brent Road has two entrances (both a North and South).*  
 — *Our gravel road is only 50 yards past the **second** Brent Road entrance. It is tricky left turn, across a*

*double line...so start signaling at 6.5 km!*

- *At exactly 6.6 km, on your left, you will see a gravel road with a “No Through Road” sign (an orange bike flag is attached!)*

#### **THAT’S WHERE YOU TURN!**

- *At the entrance to the gravel road, you will pass about 8 garbage cans and a community mailbox .*
- *Pineacre is about 100 feet down the gravel road on the left...you will see the “7220” and “Pineacre” signs.*
  - § *Go past them and turn left into the paved driveway entrance.*
- *There will be guest parking on your right*
  - § *On the same level, come past various parked vehicles in the courtyard to the far front door and ring the doorbell!*
- *We look forward to welcoming you*

**Note: Any concerns, phone Rocky on his cell 1-604-880-7709.**

#### **See attached for your edification!....**

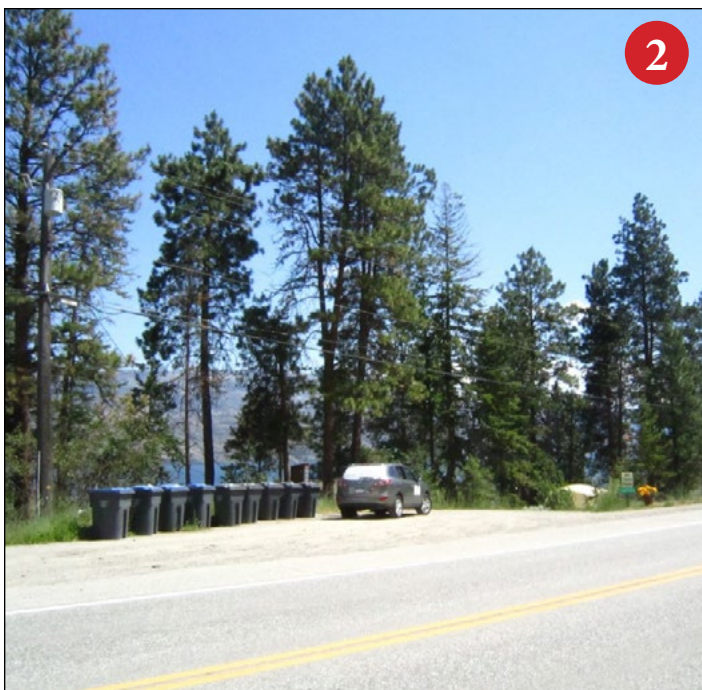

1. Aerial view of the Highway 97 South and the turn-off to our property
2. A photograph of the actual turn-off
3. Close-up of the signs and sunflowers in a pot
4. What our house looks like from the gravel road
